### ILCEX

The International Language and Cultural Experience (ILCEX) is a language school that specializes in teaching Spanish as a second language. ILCEX is located in Cáceres and has developed a practical teaching method that allows students to interact and to use the acquired knowledge right away. ILCEX also helps students maximize their visit to Spain by offering a varied catalogue of extracurricular cultural activities. ILCEX carefully selects all accommodation for its students. A wide variety of lodging is offered.

### VALENTIA SPANISH HOLIDAY COURSES

We combine the teaching of Spanish with the immersion in our culture and the enjoyment of nature and the environment. Learning a language while enjoying a nice holiday in one of our charming accommodation options is what makes us

excel and provide you with the perfect opportunity to learn and have fun at the same time. The school is located in the rural housing complex "El Jiniebro", 1 km away from La Aceña de la Borrega. Our courses are taught by qualified teacher at all levels and in small groups. Because the school is located in a rural area, the linguistic and cultural immersion is complete.

## ENABLA

We are a school where you can study Spanish in a welcoming city, Badajoz. We offer a unique environment where you can learn a language and get to know the culture of a city and its history. Apart from Spanish language classes, ENABLA offers “**cultural classes**” where the aim is to introduce the student to daily Spanish life. Theoretical classes on culture: these are developed in the classroom and our teaching programme focuses on art, history, gastronomy, music and anything that corresponds to the culture

of our region. Practical classes on culture: these classes involve outside activities with our students where we visit museums, markets, the countryside, historical cities and more.

## Bethona International

*Bethona International* is a Spanish Language Centre that offers the chance of enjoying wonderful holidays in nature while you learn Spanish. Our learning method is designed for the personal touch: a very reduced group, maximum 6 people, organized according to the level and interests of each student. *Bethona International* has also got an old residence of 16th century restored with all the modern facilities: heating, air-conditioning, TV, internet... In this residence, teachers and students live together in independent apartments having access to books, films, conversations, etc, whenever they want them. The learning of Spanish is therefore assured.

**Fun School of Languages** is a highly dynamic and flexible language centre that offers different language courses. Our school is formed by a team of qualified teachers with wide experience in language teaching and passion for their work.

In Fun School of languages we think that a different way of teaching languages is possible, we concentrate on oral skills as we consider it a more authentic and natural way to approach language learning.

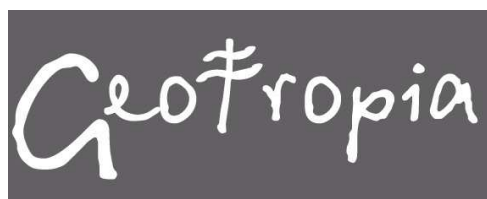

A wide variety of Spanish courses are available to suit all students needs, enjoy our immersion courses, go for online lessons or try blended learning courses.

**GEOTROPIA** offers to the students of Spanish the possibility of learning and experiencing our language in a township located in an atmosphere of a privileged, unique environment, culture and leisure.

Provide remarkable conditions for students in order to have a real contact with the country, its peoples and nature.

We organize courses in Hervás, Extremadura, for foreign students of the Spanish Language according to a program, which can be adapted to the different requirements, and needs of any group. Our educational programs include cultural and environmental elements as well as a straightforward practice within the local community.
